PROFESSIONAL SUMMARY

Aspiring Web Developer with expertise in Javascript, React, Tailwind Css, Python, DSA, and critical thinking. Eager to build scalable applications, optimize algorithms, and solve complex problems efficiently. Solved 200+ problems on LeetCode and achieved a 1000+ rating on Codeforces, continuously honing problem-solving skills.

EDUCATION

Bachelor of Technology (Artificial intelligence) Newton School of Technology, Rishihood University

Intermediate (Class XII)
Narayana Junior college

Matriculation (Class X)
Motessori High School

2024 - 2028 Grade: 7.478/10.0

2022 - 2024

Grade: 91.7% 2021 - 2022

Grade: 91.3%

INTERNSHIPS

Software Developer
Codveda

March 2025 - April 2025

remote

Key Highlights:

- Tech Stack: HTML, CSS, JavaScript, React, Tailwind CSS, Node.js.
- Portfolio Website: Built a responsive portfolio showcasing projects with animations and custom styling.
- JavaScript Interactivity: Implemented dropdowns, modals, and form validation.
- Responsive Design: Used Flexbox and Grid for adaptive layouts across devices.
- To-Do List App: Developed a task manager with add, delete, and complete features, storing data in local storage.
- Front-End Frameworks: Created a React-based app, learning state management and component structures.

PROJECTS

E-Commerce (Stylish Lady), (Github) (Demo)

March 2025

- Tech Stack: HTML, CSS, JavaScript, React, and Tailwind CSS
- **Description:** Developed a dynamic and user-friendly e-commerce website for a family-run business, showcasing a seamless shopping experience with a modern UI. This platform empowers my mom's shop by providing a digital storefront that enhances visibility and customer engagement.
- Features: Built with React for a smooth and interactive user experience, styled with Tailwind CSS for a sleek and responsive design. The platform supports product listings, an intuitive cart system, and a seamless checkout flow. The well-structured UI ensures easy navigation, making online shopping effortless for customers.

ToDos, (Github) (Demo)

February 2025

- Tech Stack: HTML, CSS, JavaScript, React, and Tailwind CSS
- **Description:** Developed an interactive and responsive to-do list application with a clean, minimalistic design for a seamless task management experience.
- Features: Users can add, edit, mark tasks as done, and remove them with ease. The app stores task data persistently, ensuring that tasks remain saved even after reloading or quitting the website, while the responsive layout guarantees a seamless experience across all devices.

CERTIFICATIONS

Python, Newton School of technology (Link)

September 2024

I completed an in-depth Python course at Newton School of Technology, gaining a strong foundation in Python programming with practical real-world applications. Key highlights include:

- Core Concepts: Mastered Python fundamentals such as data types, control structures, functions, and file handling.
- Object-Oriented Programming (OOP): Developed a deep understanding of OOP principles, including classes, inheritance, and polymorphism.
- Advanced Topics: Explored advanced Python features, including modules, libraries, decorators, and generators.

SKILLS

Computer Languages: JavaScript, CSS, HTML, Python

Software Packages: Excel, Bootstrap, NodeJS, React, Tailwind, Pandas

Additional Courses: Data Structure

Soft Skills: Communication Skills, Responsibility, Critical Thinking, Teamwork, Creativity, Research, Time management,

Team Building, Leadership
